Hi Committee Chairpersons,

I have some good news and some bad news. The good news, well, Spring break is just over the corner. The bad news is that we won't have a chance to meet this Friday in person because of Spring break. Yet, would you all please email the group letting us know what progress you've made lately and what you plan to do before the next meeting (Friday after Spring break).

I'll go first. Roehr company sent the swatchproof for the front of the souvenir folders. I'm going to get that confirmed with Rathbone (tomorrow) and then call the company so that they can start production of the folders. Also, I'm going to check on costs of polo shirts (for workers) and convention t-shirts (to sell and to give to people who help with the convention and attend it from other chapters; they would get a folder automatically).

Thanks.
Until next time, enjoy our Wild America.
